## GENERAL INFORMATION for RESIDENTS

Because the general public is often unaware of various laws and regulations, the Town of South Hampton has prepared the following list as a guide for those considering actions for which some regulatory system is in place. This list is for information only and the public should consult the appropriate Officials or Boards for further details.

WETLANDS	No digging, filling or other flow modification in wetlands, as defined by Land Use Ordinances	Permit approved by Conservation Commission
SUBDIVISION	Must meet requirements of Zoning Ordinances and Regulations	Planning Board
HOME OCCUPATION	Use of Home for Business	Board of Adjustment
COMMERCIAL ZONE	Commercial Development	Planning Board (Site Plan Review)
BUILDING PERMIT	No construction or demolition until permit is fully signed	Building Inspector
OCCUPANCY PERMIT	No occupancy or use of new modified building until approved	Building Inspector
HISTORIC DISTRICT	No construction or modifications in those districts without approval	Historic Commission
SEPTIC SYSTEMS	Must meet State and Town standards	Health Officer
SAND & GRAVEL EARTH REMOVAL	Must have permit for excavation	Planning Board
BONFIRES	No burning without a permit	Fire Warden
TIMBER HARVEST	Yield tax, limits on cutting	Selectmen
MOTOR VEHICLE	Annual renewals on birth month	Town Clerk
DOG LICENSE	Annual renewal, rabies shots	Town Clerk
VOTER REGISTRATION	Upon establishing residence	Town Clerk/Super visor of Checklist
REFUSE DISPOSAL	Weekly pickup, Thursday, limitations on volume and type, please inquire about Recycle Program	Selectmen
JUNK CARS	No more than two unregistered vehicles	Selectmen
STRAY ANIMALS	Dogs must be controlled by property owners	Police

Please refer to directory of officers and appointees for individual names. Additional information may be found in the various reports from the officials.

# WARRANT FOR THE ANNUAL TOWN MEETING SOUTH HAMPTON, NEW HAMPSHIRE 2001

To the inhabitants of the Town of South Hampton in the County of Rockingham in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday the 13<sup>th</sup> of March 2001, between the hours of 11:00 in the forenoon and 8:00 in the evening, to act upon Articles 1 and 2.

You are also hereby notified to meet at the Town Hall in said Town on Wednesday, the 14<sup>th</sup> of March 2001 at 7:30 in the evening to act upon Article 3 and all subsequent articles.

1. To choose all necessary Town Officers for the year ensuing.
2. To see if the Town will vote to adopt amendments to the Zoning Ordinance as follows:

## **Article XXI, Add Accessory Family Apartments Ordinance**

### **A. Authority:**

*This section is enacted in accordance with the provisions of RSA 674:21*

### **B. Purpose, Intent and Objectives**

*The purpose of the accessory family apartment provision is to provide increased flexibility with respect to housing alternatives for families in South Hampton while maintaining the health, safety, aesthetics and quality of the Town's neighborhoods.*

*The objectives of this section are to:*

1. *Provide for the construction of accessory apartments in existing single family dwelling units to be occupied by family members, thereby lessening fluctuations in the demand for Town services, e.g. education and elderly care.*
2. *Add more units to the housing stock to meet the needs of smaller households, both young and old;*
3. *Protect stability and property values, in the Rural Residential, Historic and Commercial/Industrial Districts by ensuring that accessory apartments are installed only in owner-occupied houses and under such additional conditions as to protect the health, safety and welfare of the public.*

### **C. Definitions**

*Accessory Apartment: one apartment, provided it is located within a single family dwelling and is clearly a subordinate part thereof, and has safe and proper means of entrance and exit, and meets the requirements set forth herein.*

### **D. Special Exception**

1. *A special exception allowing the installation of one (1) accessory apartment within a detached single-family dwelling shall be issued by the Zoning Board of Adjustment provided that the following conditions are met:*

- (a) *The proposed use must conform to the dimensional requirements of a single family lot and meet all building requirements.*
- (b) *The accessory apartment shall be designed so that the appearance of the building remains that of a one family dwelling. There shall be one egress to the primary living area and one egress shall be located on the side on in the rear of the building.*
- (c) *The size of the accessory apartment shall be a minimum of 250 square feet. The maximum size of the accessory apartment shall not exceed 1,000 spare feet or 1/3 of the living area of the entire dwelling unit (both units) whichever is smaller.*
- (d) *The dwelling to which an accessory apartment is to be added must be, and continue to be, owner occupied. Any changes in occupancy shall be reported, in writing , to the Selectmen within 30 days of such change.*
- (e) *Only one bedroom is permitted in the accessory apartment.*
- (f) *Off street paved of gravel parking shall be provided for at least four (4) vehicles.*
- (g) *The Structure and lot shall not be converted to a condominium or any other form of legal ownership distinct from the ownership of the existing single family dwelling.*
- (h) *Prior to granting a special exception by the ZBA the owner shall provide, as part of the ZBA case file, the following:*
  - (1) *evidence to the Town health officer that septic facilities are adequate for both units according to the standards of the Town and the NH Water Supply and Pollution Control Division. If deemed necessary by said health officer, such evidence shall be in the form of certification buy a State of NH licensed septic system designer. Also, the owner shall provide evidence that there is adequate potable water according to the standards of the State of NH. The health inspector then shall indicate his/her approval in writing to the ZBA.*
  - (2) *a floor plan, in 1/4" scale (1/4" equals 12"), showing the proposed changes to the building.*
  - (3) *a sketch plan (drawn to scale) of the lot, with existing and proposed structure and parking.*
  - (4) *evidence shall be submitted to the building inspector that all building requirements can be met. The building inspector shall then indicate his/her approval in writing to the ZBA.*

- (i) *The accessory apartment shall be subject to the standards and conditions for a special exception as set forth in this Ordinance.*

2. *If a home that had a special exception permit for an accessory apartment is transferred, then said exception shall cease.*

3. Shall we modify the elderly exemptions from property tax in the town of South Hampton, based on assessed value, for qualified taxpayers, to be as follows: for a person 65 years of age up to 75 years \$60,000 (sixty thousand dollars); for a person 75 years of age up to 80 years \$80,000 (eighty thousand dollars); for a person 80 years of age or older \$100,000 (one hundred thousand dollars). To qualify, the person must have been a New Hampshire resident for at least 5 years, own the real estate individually or jointly, or if the real estate is owned by such person's spouse, they must have been married for at least 5 years. In addition, the tax payer must have a net income of not more than \$35,000 (thirty five thousand dollars) or, if married, a combined net income of less than \$50,000 (fifty thousand dollars); and own net assets not in excess of \$100,000 (one hundred thousand dollars), excluding the value of the persons residence.

4. To see if the Town will vote to raise and appropriate the sum of \$324,920 (three hundred twenty four thousand nine hundred twenty dollars) for the general operation of the Town.

*The above includes \$16,113 for the 2001 payment on the 1996 GMC custom pumper which has 5 remaining payments.. The following table shows the relationship between the operating budget, other warrant articles, and the total appropriations:*

	<u>2001</u>	<u>2000</u>
Operating Budget	324,920	302,008
Warrant articles	<u>74,200</u>	<u>69,000</u>
Total appropriations	399,120	371,008

*This represents an 8% increase over last year however due to a 19% increase in estimated revenues there will be only a \$0.30 increase in the Town portion of the tax rate.*

5. To see if the Town will vote to raise and appropriate the sum of \$5,000 (Five thousand dollars) to be placed in the Town Buildings Maintenance Trust Fund created in 1992 under RSA 31:19.
6. To see if the Town will vote to raise and appropriate the sum of \$25,000 (Twenty five thousand dollars) to be placed in a Town Roads Paving Capital Reserve Fund and to appoint the selectmen as agents to expend, under RSA 35:1.  
*The Hilldale Avenue Pavement Capital Reserve fund was closed out last year. This new account will be used to continue to do paving where and when needed. The budget committee only recommends \$5,000.*
7. To see if the town will vote to raise and appropriate the sum of \$1,200 (one thousand two hundred dollars) to be placed in the Ford/Grumman Refurbishment Fund created in 1998 under the provisions of RSA 31:19-a.
8. To see if the Town will vote to raise and appropriate the sum of \$20,000 (twenty thousand dollars) for the purpose of purchasing and installing a fire sprinkler system in the Eleanor Batchelder Gym.
9. To see if the Town will vote to raise and appropriate the sum of \$2,000 (Two thousand dollars) to continue a 3 or 4 year plan to remove old pines and saplings at the Indian Ground Cemetery. The plan includes reconstruction of the stone stockade on Hilldale as a historic area.
10. To see if the Town will vote to raise and appropriate the sum of \$2,500 (two thousand five hundred dollars) for the purpose of supporting the programs for the Council On Aging.

11. To see if the Town will vote to raise and appropriate the sum of \$500 (Five hundred dollars) for the purpose of updating the cemetery plot maps.
12. To see if the Town will vote to raise and appropriate the sum of \$15,000 (fifteen thousand dollars) to be transferred from the Land Acquisition Capital Reserve Fund established in 1988 under 35:1 III-a for the acquisition of land for the purpose of Conservation.  
*This money would be combined with \$30,000 from the Conservation Commission account to purchase 89 acres of land on the old Bugsmouth Hill Road for conservation purposes.*
13. To see if the Town will vote to raise and appropriate the sum of \$3,000 (Three thousand dollars) for the purpose of purchasing new tax assessing software.
14. To transact any other business that may legally come before this meeting.

**GIVEN UNDER OUR HANDS AND SEALS AT SOUTH HAMPTON THIS  
TWELFTH DAY OF FEBRUARY, 2001**

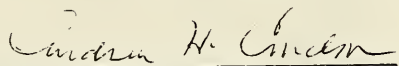

**A true copy of warrant -- attest**

  
Edward Condon, Chairman

  
James VanBokkelen

  
George Werner

# Town of South Hampton OFFICE OF SELECTMEN

3 HILLDALE AVENUE • SOUTH HAMPTON, NEW HAMPSHIRE 03827  
TELEPHONE: (603) 394-7696

To the residents of South Hampton:

Where did 2000 go? It seems like just yesterday that the year was 1972 and I was a new resident of town. It is now 2001, and though there have been changes through the years, mainly due to new home construction, all the new people who have moved here because of our fine school system and country charm have not been disappointed. The Selectmen and all the other town boards are working hard to keep growth in perspective and taxes in check so that we can keep this country life style we call South Hampton.

And speaking of taxes, we were able to keep the tax rate at \$16.70 for two years (98 and 99) due to thrifty spending to build up a fund balance of \$160,000. This fund balance is made up of unused moneys from the budget that accumulates over the years. It is an emergency fund for the unforeseen problems that might arise. When the fund gets too large, it is time to give it back to the people. The tax rate increased slightly this year but we used \$80,000 from the fund to keep that increase as small as possible.

South Hampton is finally going to get a new school! The Eleanor Batchelder Gymnasium is well on its way to completion. There was a slight delay in its progress due to coordinating with the plans for the main part of the school, but those problems have been addressed. However, due to the fact that the blueprints sent to the NH State Fire Marshall's office had a covered walkway from the school building to the gymnasium, we need a sprinkler, fire-detection system to comply with the state codes. This was an unanticipated expense at this time and will have to be decided upon.

The Hilldale Avenue repaving job went extremely well. The work was completed in just two weeks with no major traffic problems. The total cost was \$134,000. We were able to do this with the Hilldale Avenue fund of \$108,000 and the rest coming from summer maintenance from 2000 and some from summer maintenance from 2001. Approximately two miles of road were dug up, graded and resurfaced.

In a check on the condition of the Town Hall for routine maintenance, we found that we will need a new roof. Stripping the old roof, to check the condition of the underlying wood and reduce some of the weight, seems to be in order. The job will be going out for bids some time in the future.

The Board of Selectmen would like to thank our Police and Fire Departments for all the time they commit to serving the public and to all the other boards whose members help make South Hampton such a

nice place to live. We continually need volunteers to man these boards, so don't hesitate to sign up. Experience is not required, you will receive "on the job" training.

We would also, again, like to thank the Country Gardners for doing such a fine job of keeping the front of the library and the common looking so good. Thanks to Al Blackadar for donating those beautiful Christmas wreaths and the tree in front of the new school, and thanks to the South Hampton PTO for supplying the seasonal decorations for the two school buildings. All of these things make South Hampton unique.

In closing, I would like to thank everyone for their help and support in my three years as Selectman. I have the greatest respect for those in the past who have held this job and for all those in the future who will hold the office of Selectman.

Respectfully submitted,

A handwritten signature in cursive script, reading "Ed Condon".

Ed Condon, Chair

# ANNUAL TOWN MEETING TOWN OF SOUTH HAMPTON, NH MARCH 14<sup>th</sup> & 15<sup>th</sup>, 2000

At a legal meeting of the inhabitants of the Town of South Hampton, in the County of Rockingham, in the State of New Hampshire, qualified to vote in town affairs, held on March 14<sup>th</sup>, 2000 at the South Hampton Town Hall, the following business was transacted:

Moderator Walter Shivik announced that the ballot boxes had been inspected and were found to be empty. He read the Warrant and declared the polls open at 11:00 a.m. Ballot Clerks for the day were Charlie Ducharme and Sheila Mahoney. There were 183 ballots cast out of 595 registered voters.

## **ARTICLE 1 - Town Officers were elected as follows:**

Selectman -	George Werner	109 votes
Moderator.-	Walter Shivik	167 votes
Supervisor of the Checklist -	Audrey Brunet	170 votes
Treasurer -	Lawrence Baker	159 vote
Cemetery Trustee.-	Burchard Stackhouse	39 write-in votes
Auditors -	Kathleen Petrillo Gray	160 votes
(Two positions)	Bryan Anderson	14 write-in-votes
Trustee of the Trust Funds-	Richard H. Miller	167 votes
Constable -	John Santosuosso	133 votes
Budget Committee -	Kathleen Gray	154 votes
(Two Positions)	David Cronin 2 Yrs.	32 write in votes
Library Trustee -	Beth Thompson	117votes
	Michael Corthell	39 votes
Highway Agent -	William J. Brunet	88 votes
	Edward Condon	59 votes
	John Santosuosso	30 votes

## **School Officers were elected as follows:**

School Board Member -	Kenneth W. Clark	156 votes
Moderator-	Walter Shivik	83 write-in votes
School District Treasurer -	Martha Anderson	172 votes
School District Clerk -	Martha Anderson	169 votes

**The polls were closed at 8:00 p.m.**

Town meeting was continued to March 15, 2000 at 7:30 p.m.

**ANNUAL TOWN MEETING  
TOWN OF SOUTH HAMPTON, NH  
MARCH 15<sup>th</sup>, 2000  
(Continued from March 14<sup>th</sup>)**

The following evening on March 15<sup>th</sup>, Moderator Walter Shivik called the meeting to order at 7:30 p.m. After the Pledge of Allegiance he introduced the Budget Committee Members, the Board of Selectmen and the Town Clerk. He then stated some of the procedures he would follow in conducting the meeting. The Moderator read the Warrant and announced the results of yesterday's election (Article 1) amendments (Article 2-18).

Motion was made by Lawrence Baker to move articles 16 and 17 up to numbers 2 and 3 because article 16 required a ballot vote. Seconded by Edward Condon. Motion was voted and passed.

16. Shall we modify the elderly exemptions from property tax in the town of South Hampton, based on assessed value, for qualified taxpayers, to be as follows: for a person 65 years of age up to 75 years \$40,000 (forty thousand dollars); for a person 75 years of age up to 80 years \$60,000 (sixty thousand dollars); for a person 80 years of age or older \$80,000 (eighty thousand dollars). To qualify, the person must have been a New Hampshire resident for at least 5 years, own the real estate individually or jointly, or if the real estate is owned by such person's spouse, they must have been married for at least 5 years. In addition, the tax payer must have a net income of not more than \$25,000 (Twenty five thousand dollars) or, if married, a combined net income of less than \$40,000 (Forty thousand dollars); and own net assets not in excess of \$75,000 (Seventy five thousand dollars), excluding the value of the persons residence. Motion was moved by James VanBokkelen and seconded by Edward Condon. Lawrence Baker stated that this has been an on going effort to help the elderly who meet certain requirements and who are on fixed incomes. James VanBokkelen said that passing this article would make a difference of 1% in the tax base. The polls opened at 7:45 for article #16 to remain open for one hour. At the end of one hour the motion passed with a vote of 69 for and 2 against.

- 17 To see if the Town will vote to create an expendable general trust fund under RSA 31:19-a to be known as the Eleanor Batchelder Fund and appoint the Selectmen as agents to expend. The fund will be used to do several projects in the name of Eleanor Batchelder. Edward Condon moved the motion and Larry Baker seconded. James VanBokkelen explained the Eleanor Batchelder Fund will contain approximately \$240 to \$270,000 and that the Selectmen would like to hold that money in a fund until it can be prudently spent. Gary Crosby proposed an amendment to Article 17 as follows: To see if the Town will vote to create a trust fund under RSA 31:19A to be known as "The Eleanor Batchelder Fund", which will initially be funded by the Batchelder gift and can receive future gifts or endowments directed to civic purposes, and to appoint the Selectmen as agents to expend with no time limits and to urge the Selectmen to establish an Ad Hoc subcommittee

whose purpose is to analyze and prioritize major non-school related long term capital improvements of the town in order to insure that this generous gift to the town be used to meaningfully memorialize Eleanor Batchelder and any future donors. The subcommittee is to consist of representatives of the Planning Board and the Budget Committee and such other boards commissions or entities as are relevant to projects under consideration. Ilsa Briggs seconded the amendment. James VanBokkelen and Lawrence Baker explained that the Selectmen already have the right to expend monies received from donations but that this fund would do away with a time limit for spending this particular money so that it could be spent prudently. The proposed amendment would establish a perpetual fund. Crosby and Briggs had no objection to the Selectmens' proposed time limit. After some other discussion the amendment was reread, voted and passed. The original article was passed as amended.

2. To see if the Town will vote to raise and appropriate the sum of \$302,008 (three hundred fifty nine thousand eight dollars) for the general operation of the Town. Lawrence Baker moved the motion and James VanBokkelen seconded. Lawrence Baker explained the increases in the budget from last year some of which concerns the revaluation of the town by Avitar. There was also discussion on a citizen's proposal for a senior center as a use for the present Barnard School Building. The motion was voted and passed.
3. To see if the Town will vote to raise and appropriate the sum of \$15,000 (Fifteen thousand dollars) to be placed in the Town Buildings Maintenance Trust Fund created in 1992 under RSA 31:19. Edward Condon moved the motion and James VanBokkelen seconded. James VanBokkelen said that we went over budget on the new kitchen and handicapped bath but the expenditure was needed. Fred Anderson asked about new projects and Lawrence Baker stated that there might be need for a new roof and other unexpected expenditures. Motion was voted and passed.
4. To see if the Town will vote to raise and appropriate the sum of \$25,000 (Twenty five thousand dollars) to be placed in the Hilldale Avenue Pavement Capital Reserve Fund created in 1997 and to appoint the selectmen as agents to expend, under RSA 35:1. James VanBokkelen moved the motion. Edward Condon seconded and explained that this would be a deep reclamation of approximately 2.2 miles of Hilldale Avenue at a total cost of approximately \$187,000. Neil Courtney asked if we have any proposals in writing. The answer was not at this time. We have only one quote so far and the proposal will be put out for bids. Mrs. Frost asked if the construction would harm the bridge and was told no. The motion was voted and passed.
5. To see if the Town will vote to raise and appropriate the sum of \$5,000 (Five thousand dollars) to be placed in the Police Cruiser Capital Reserve Fund created in 1996 under RSA 35:1. Lawrence Baker moved the motion. Roy Syvertson seconded. A citizen asked what the actual cost of a new cruiser would be and was told that we deal with the State of New Hampshire for new cruisers and that they have a bid for each vehicle in their pool. A question was asked about using the

Batchelder Fund money for a new cruiser and the answer was that some of the monies would be put toward making the next cruiser a 4 wheel drive vehicle. The motion was voted and passed.

6. To see if the town will vote to raise and appropriate the sum of \$2,000 (two thousand dollars) to be placed in the Ford/Grumman Refurbishment Fund created in 1998 under the provisions of RSA 31:19-a. Edward Condon moved the motion and James VanBokkelen seconded. Carole McCarthy asked what the fund was for and was told for general maintenance (tires, etc.). Motion was voted and passed.
7. To see if the Town will vote to raise and appropriate the sum of \$1,000 (one thousand dollars) for the purpose of restoring the lot line in the Hill top cemetery. James VanBokkelen moved the motion and Edward Condon seconded. Discussion followed about already having had the money for this project but it never got done. There was also some discussion about the Baptist Church swapping some of the Town land for parking at some later date. The motion was voted and passed.
8. To see if the Town will vote to raise and appropriate the sum of \$2,500 (Two thousand five hundred dollars) to continue a 3 or 4 year plan to remove old pines and saplings at the Indian Ground Cemetery. The plan includes reconstruction of the stone stockade on Hilldale as a historic area. Lawrence Baker moved the motion and James VanBokkelen seconded. The tree removal would consist of only the trees actually in the cemetery area not around it. Motion was voted and passed.
9. To see if the Town will vote to raise and appropriate the sum of \$500 (Five hundred dollars) for the purpose of updating the cemetery plot maps. James VanBokkelen moved the motion and Gerald Movelle seconded. The discussion following covered the fact that we don't have a good map of the cemeteries in town and we don't have much room left in any of the existing cemeteries. Motion was voted and passed.
10. To see if the Town will vote to raise and appropriate the sum of \$6,000 (six thousand dollars) for the purpose of purchasing, for the fire department, a utility body for a new forestry truck to be purchased using funds from the Eleanor Batchelder Fund and the South Hampton Fireman's Association. James VanBokkelen moved the motion and Edward Condon seconded. John Gamble stated that the wording of the article should read Forestry-Light Rescue 4 WD. Motion was voted and passed.
11. To see if the Town will vote to appoint the selectmen as agents to expend the Cemetery Land Acquisition Capital Reserve Fund created in 1993. It is estimated it will cost approximately \$15,000 to \$20,000 for the purchase of 2 acres of land including all taxes, legal fees and survey costs. Approximately an additional \$15,000 will be required for site work. Any remaining balance will be added to the Land Acquisition Capital Reserve Fund created in 1988 under RSA 35:1. Lawrence Baker motioned to move the article and James VanBokkelen seconded. Lawrence Baker explained the article, it was voted and passed.

12. To see if the Town will vote to approve the expenditure of and appoint the Selectmen as agents to expend \$12,000 from the Land Acquisition Capital Reserve Fund Established in 1988 under 35:1 III-a for the acquisition of land for the purpose of Conservation. Edward Condon moved the motion and James VanBokkelen seconded. Michael Santosuosso and John Santosuosso asked about the Bugs Mouth Hill land and were told that it is not good land with little access to it for a cemetery and fighting amongst the heirs to the property about any sale of the land. James VanBokkelen spoke about preserving the wild land and that there are taxes owing on it. Motion was voted and passed.
13. To see if the town will vote to extend the term of the Campaign 2000 Capital Reserve Fund established in 1998 from 2000 to 2010, all other conditions to remain as originally approved. James VanBokkelen moved the motion and Lawrence Baker seconded. No discussion. The motion was voted and passed.
14. To see if the town will vote, per RSA 674:40, to maintain the road know as Aspen Hill Drive, which is a cul-de-sac road off Chase Road. Lawrence Baker moved the motion and Edward Condon seconded. Gerald Movelle asked about the cost of paving. Mike Keller Planning Board member spoke against saying that the owners of homes and land on Aspen Hill Drive have a stipulation in their deeds stating that it is a private road and they are responsible for it. He also stated that we would be setting a precedent by passing the article for future developers to benefit by. John Gamble, John Santosuosso Carole McCarthy, James VanBokkelen, Edward Condon, Lawrence Baker all spoke against the article. Lee Knapp , Andrew Reed, and Mrs. Sims spoke for. The article was voted and failed.
15. To see if the Town will vote per, RSA 231:64, to instruct the selectmen to appoint an expert highway agent, who, under the direction of the selectmen, shall have the same power and perform the same duties as a highway agent elected by the town Edward Condon moved the motion and Gerald Movelle seconded. The motion was voted and passed. .
18. To transact any other business that may legally come before this meeting.

John Santosuosso expressed concerns about the Towle Hill Cemetery.

Craig Marx gave remarks about the 2000 Census.

Adele Fiorillo stated that the government recycling could provide compost buckets to individuals.

Fred Anderson asked about white goods collection which is still on for May.

Katherine ImBrescia asked about the monies earned from recycling and was told it was reflected back into the curbside plan.

Edward Condon took this time to speak about Lawrence Baker's retirement from the Board of Selectmen and asked for a standing ovation. Larry thanked some other

retiring board members who had helped him over the last five years including the Historical Commission, the ZBA, Martha Anderson, Library Trustee, P. K. Erickson, Recycling Committee, Gary Crosby, Budget Committee, Jeff Healey, Auditor, and Linda Doucette, Treasurer. He then went on to speak about Home Rule which will be coming up on the State ballot this fall, and how it would benefit us to have this legislation in place.

James VanBokkelen called for a moment of silence for Eleanor Batchelder.

John Santosuosso motioned to close the meeting seconded by Edward Condon. The meeting was adjourned at 9:45 p.m.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "Andrea Condon", with a long horizontal flourish extending to the right.

Andrea Condon, Clerk

**Town of South Hampton, NH**

February 16, 2001

Board of Selectmen  
3 Hilldale Avenue  
South Hampton, NH

Gentlemen:

Pursuant to RSA 41:31, enclosed is your copy of the New Hampshire Department of Revenue Administration Report of the Town Auditors for the fiscal year ending December 31, 2000.

We have examined the pertinent financial records of the Board of Selectmen, Treasurer, Tax Collector and Town Clerk as well as other records for the fiscal year ending December 31, 2000, and, in our opinion and to the best of our knowledge, the information contained therein is accurate.

Respectfully,

  
Kate Petrillo Gray, Auditor

  
Bryan E. Anderson, Auditor

Attachment: State of New Hampshire Form MS-60

**Trustees of the Trust Funds  
Summary Statement 12/31/2000**

The summary below shows that the nine trust funds for the Town of South Hampton had a total value of \$634,542.45 as of 12/31/00. These funds are invested in the New Hampshire Public Deposit Investment Pool, which provides monthly updates. In this update income reported is for the month of December only. A listing of the Cemetery Trust Fund is shown on another page.

The Trustees of the Trust Funds are required to submit complete reports for the calendar year to the Department of Revenue Administration and to the Charitable Trust Division of the Office of the Attorney General. Trustees of the Trust Funds are William Brunet, Richard Caravati and Richard Miller.

## Trustees of the Trust Funds

### Cemetery Trust Funds

The table below lists donations since 1917 for cemetery care. The column "Principal 12/31/00" shows the dollar amount of each donation at the time it was recorded. The funds are invested in the New Hampshire Public Deposit Investment Pool, which provides monthly updates.

Over the years the Trustees have made periodic payments for cemetery care. In 2000 the Cemetery Trust Fund received \$200.00 in new donations and paid out \$500.00 for cemetery care. At year end the balance was \$ 12,281.89.

Date Created	Name of Fund	Principal 12/31/00

January 2, 2001

Dear Ed,

With the construction of a new school the Barnard Trust will have limited, if any, use for the existing school building. With this in mind the Barnard trustees would like to determine if the Town would like to acquire the building.

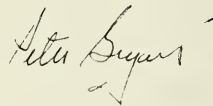

The Barnard School building was constructed and sits upon land leased from the Town. This leased was signed and recorded in 1833 and has a term of nine hundred years.

A donation of the building to the Town will require the approval of the New Hampshire Secretary of State. How long the approval process would take is unknown. Additionally it should be noted the Trust would retain ownership of the Barnard School Building until the new school is completed, occupied, and school officials have no further need of the old building.

As the selectmen are authorized to accept gifts on the Town's behalf, a transfer of ownership from the Trust to the Town would probably not require a warrant article. If you disagree or would like to gauge the townspeople's thoughts about acquiring the Barnard School building this letter is intended to give you time to add an article to the town meeting warrant.

If you need any additional information please call me or any of the other Trustees.

Sincerely,

A handwritten signature in cursive script, appearing to read "Arthur S. Bunker".

Annual Report to the Residents of South Hampton

2000

To keep you up to date here is a rundown of Commission doings this past year and for the coming year:

- The grant awarded the Commission from the Department of Resources and Economic Development to create/clear some hiking trails has resulted in GIS mapping of existing trails, work with the Audubon Society to connect to existing trails and the purchase of some hand tools for trail maintenance. This spring will be trail building time and we welcome any volunteers who are interested in joining us. Just call 394-7804.
- The Commission has been involved in helping the Merrimac River Watershed Council in obtaining grants that fund studies in the Powwow River Watershed. Thus far Shoreline Surveys and a Watershed Assessment has been completed. Funding has been secured this year to complete a Build-out Analysis for the New Hampshire communities in the watershed. This will provide us with a valuable planning tool in the future. This year we will be embarking on water quality monitoring. We will be meeting with the NHDES to establish criteria and they will provide us with training and sampling kits. Any volunteers? The meeting with the NHDES is scheduled for March 28, 2001 at Town Hall at 7:30 pm – all are welcome.
- The Commission issued and resolved a few wetland fill warnings to residents this year. The Commission appreciates the cooperation and is pleased at the willingness encountered in the resolution of these issues.
- The Commission hosted a roadside cleanup and picked up two dumpsters full of trash this past spring! It is discouraging to see how many litterbugs drive our roadways but satisfying to clean it up. Thank you to all of our volunteers – they did a great job!

The Commission meets in the Selectman's Office at 7:30pm on the fourth Wednesday of each month (January through October).

Thank you for your continued support.

Adele Fiorillo, Chair

Neil Courtney

## South Hampton Library Trustees

This has been a very exciting year at the Library. A gift from the Eleanor Batchelder Fund has allowed the library to purchase the hardware and software to begin the process of automating the library's collection. The Friends of the Library have been helping with the bar coding of the older materials. The new purchases for the past year are already in the database that is growing every week. Some patrons have been bar coded and are in the database also.

New shades were purchased to cover the large back windows, to defuse the sunlight in the summer. A new printer was purchased that would print the catalog cards.

A Soup and Sleuth day was held with three mystery authors telling about their books. A Book and Bake sale was held, helping dispose of many surplus used books. We are always grateful to the Friends of the Library, without whom we would not have a library, for all their support during the years.

Erik Mueller-Harder resigned this year and Mary Mertinook was appointed to serve out his term.

Our circulation is slowly growing, with many of our old patrons coming back to the library, along with new ones. The school children visited the library every week, during school time. Many of the children are also visiting after school. We have had several out of state visitors doing genealogy here this summer. Thanks to the Historical/Genealogy Committee, South Hampton has one of the best collections in the area for a small town.

If you have not visited the library, please do so, you may be surprised at what you'll find.

# So. Hampton Police Dept.

SOUTH HAMPTON, N.H.

WAYNE THERIAULT  
Chief of Police

P.O. BOX 220  
E. KINGSTON, N.H. 03827

As we enter the year 2001 I would like to thank the resident's who have continued to support the South Hampton Police Department throughout the years. It is with your support that together the police department can better serve the community and continue to reduce all levels of crime in your neighborhoods. The department has seen many changes throughout the year; I have hired three part-time officers to compliment the department. Daniel Jackman was hired and graduated from the New Hampshire Police Academy last November. Dan has been assigned not only to patrol duties but also has volunteered to become the juvenile officer. He brings with him over twelve years of experience in the juvenile field as a supervisor at the Harbor Schools. Dan has done a great job so far and I know he will serve this community with great pride and dedication. Also hired in July of 2000 was Bobby Aldrich. Bobby is an experienced police officer who has done an excellent job for the town. Bobby has a degree in Criminal Justice and is currently working on a Masters Degree in business leadership. William McGurrsen was hired in May of 2000. Bill is also an experienced police officer also serving with the Newton Police Department. Bill has a degree in criminal justice and has done a great job. Lieutenant Aaron Wojtkowski continues to serve the town in several capacities. Aaron still serves as the department prosecutor handling all court matters for the department including District Court, Superior Court, and Grand Jury Indictments. Aaron also oversees the direct supervision of the officer's daily duties.

After months of research Lt. Wojtkowski and myself have enacted two town ordinances governing the regulation and enforcement of Speed Limits and Stop Signs on all town maintained roadways. What this means as of December of 2000 that on all town maintained roadway's all citations are written under this new ordinance. All money that is generated from these citations after the individual pleads guilty or is found guilty is returned to the town. A check from the Hampton District Court is written and mailed to the town at the end of every month.

After reviewing the yearly activity I've noticed a sharp decline in several areas. Burglaries were almost eliminated, as well as acts of criminal mischief, vandalism, and motor vehicle accidents. This decline in criminal activity can only be associated with increased patrol and longer hours spent on the road. Shortly Officer Jackman will be taking on the task to update the residential alarm listing. This will better help the police department respond to your residence in the event your alarm should activate.

# So. Hampton Police Dept.

SOUTH HAMPTON, N.H.

WAYNE THERIAULT  
Chief of Police

P.O. BOX 220  
E. KINGSTON, N.H. 03827

I would like to take this time to thank Sergeant Michael Frost who continues to provide the Barnard School with the D.A.R.E. Program. I would like to also thank Fire Chief John Gamble and the men and women of his department, and Mr. Richard Smith for his generous donation of cellular phones for the department.

In closing I would like to take this time to wish all the residents a safe and happy year, and I look forward to working with the town to make this community the safest possible place to live and work for all of us.

Respectfully Submitted,

Wayne Theriault  
Chief of Police

# ***SOUTH HAMPTON FIRE DEPARTMENT***

128 Main Avenue

South Hampton, NH 03827

***Emergency: Dial 911***

Business: (603) 394-0105

## **2000 ANNUAL SUMMARY REPORT**

Dear residents,

The South Hampton Fire Department responded to 140 emergency calls in the year 2000. A summary of the emergency calls is as follows:

- 20 **FIRE RELATED** – kitchen, chimney, electrical, auto, furnace malfunctions and fire investigations.
- 40 **MEDICAL AID** – assisting the ambulance at medical aid calls and auto accidents. As Certified First Responders and EMT's we help stabilize the patients prior to the arrival of the ambulance.
- 8 **AUTO ACCIDENTS.**
- 7 **MUTUAL AID** – assisting our neighboring towns when they need extra coverage at fire scenes beyond their capability and in return they help us when needed.
- 2 **HAZMAT** – managing leaks or spills of flammable or hazardous materials.
- 14 **INSPECTIONS** – new residential and commercial construction, furnace replacement, smoke detector locations and inspection reports of property being sold for real estate agents.
- 8 **FIRE DRILLS & PREVENTION** – performing fire drills and prevention programs at the Barnard School and new Main Avenue School.
- 12 **PUBLIC ASSIST** – helping any resident in any way we can such as pumping flooded cellars, moving patients, assisting with our generator when electricity is out. We are available to help in any way at any time.
- 3 **WOODS FIRES** – close to 2 acres were burnt this year, which was down from 1999 because of the wet weather.
- 4 **DOWN POWER LINES.**
- 20 **ALARM ACTIVATIONS** – investigate false alarms at the schools, church and residents.
- 2 **ILLEGAL BURNING** – brush fires kindled without proper permit.

I would like everyone to know that all of our volunteer members must pass the same level of training in fire, rescue and hazmat techniques as full time paid fire fighters do in other departments and are on call 24 hours a day, 365 days a year. You can be assured that when we arrive on the scene we bring with us knowledge, ability and confidence. I thank you for your support.

Sincerely,

John A. Gamble  
Chief/EMD

## TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER REPORT

There are 2,200 Forest Fire Wardens and Deputy Forest Fire Wardens throughout the state. Each town has a Forest Fire Warden and several Deputy Wardens who assist the Forest Rangers with forest fire suppression, prevention, and law enforcement. The number of fires reported during the 2000 fire season was below average as referenced in the statistics below. Despite this, our network of fire towers and detection patrols were still quite busy with the fire towers being first to report over 135 fires. These fires were quickly and accurately reported to the local fire department for their prompt and effective suppression efforts. Wildland fires occurring in areas where homes are situated in the woodlands are a serious concern for both landowners and firefighters. Homeowners can help protect their homes by maintaining adequate green space around them and making sure that houses are properly identified with street numbers. Please contact the Forest Protection Bureau to request a brochure to assist you in assessing fire safety around your home and woodlands.

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing ALL outside burning. Fire permits are required for any open burning unless the ground is completely covered with snow where the burning will be done. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are eleven Forest Rangers who work for the New Hampshire Division of Forests and Lands, Forest Protection Bureau. Forest Rangers have investigated numerous complaints regarding violations of the timber harvest and forest fire laws, and taken enforcement action to ensure compliance. If you have any questions regarding forest fire or timber harvest laws, please call our office at 271-2217, or for general information visit our website at [www.dred.state.nh.us](http://www.dred.state.nh.us).

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection system and reports from citizens aid in the quick response from local fire departments. These factors are critical in controlling the size of wildland fires, keeping the loss of property and suppression costs as low as possible. Due to permitting and fire safety concerns, please contact your local fire department BEFORE using portable outdoor fire places and vessels, including those constructed of clay, concrete or wire mesh.

Please contact your local fire department before doing ANY outside burning.

### REMEMBER ONLY YOU CAN PREVENT FOREST FIRES!!

#### 2000 FIRE STATISTICS

(All Fires Reported thru November 10, 2000)

##### TOTALS BY COUNTY

	<u>Numbers</u>	<u>Acres</u>

**SO. HAMPTON EMERGENCY MANAGEMENT  
128 MAIN AVENUE  
SO. HAMPTON, NH 03827**

We started the year 2000 off with the Y2K scare along with the rest of the world. Two men staffed the Emergency Operation Center from 10:00 p.m on 12/31/99 to 5:00 a.m. on 1/1/00 in case any emergency may have occurred and like most of the rest of the world nothing abnormal happened. But we were there just in case.

Over the past year, three practice drills were staged plus a one-day graded exercise by F.E.M.A. Anywhere from 10 to 14 people were in attendance at each of these practice drills including our selectmen, town clerk, police and fire personnel and various private citizens. We did very well and received high marks for our efforts by the Federal Government.

The E.O.C. is located upstairs at the fire station at 128 Main Avenue. The addition which houses the E.O.C. was built in 1997 by members of the fire department with funds received from the federal government under The Federal Emergency Management Act with no cost to the Town of So. Hampton and is staffed by the members of the So. Hampton Fire Department.

We have a 20,000 k.w. generator that powers the entire fire station, which also houses the So. Hampton Police Department, in the event we loose electricity. During any power outage caused by a serious storm, the E.O.C. will be in operation, and you can call for information during that time by dialing 394-0105. If you are experiencing an emergency please dial 911.

If you have any questions regarding our Emergency Operation Center, please call me at home at 394-7938.

Sincerely,

Chief/EMD, John A. Gamble

Perc Tests, Well and Septic System Permit Fees	690.00
<b>Total Permit Fees Collected</b>	<b>\$8,091.44</b>

**Submitted By: Dan Cordiero Building Inspector**

## South Hampton Council on Aging

After receiving support from the Selectmen, South Hampton residents held a meeting on June 21<sup>st</sup> to determine the level of interest in the formation of a South Hampton Council on Aging (COA). Based on the number of people in attendance and the number of calls in favor of a COA, residents indicated their strong support.

The newly formed COA conducted a survey to identify the needs of the community. Blood pressure screening and influenza immunization emerged as two of the greatest needs. The COA determined that a major goal would be to promote the health and welfare of the citizens of South Hampton.

The COA meets the second Wednesday of every month at 6:30PM. The meetings are open to everyone. During these meetings, the COA covers a variety of informative topics. These topics have included: Visiting Nurse Agencies; The New Hampshire Prescription Drug Discount Program; Role of the South Hampton Welfare Officer; The Himalayan Airlift of WWII, A Pilot's Memoirs; Home Heating Oil Tank Upgrade and Replacement Program; and Medicare Beneficiary Rights. Based on attendance and feedback, these evening programs have proven worthwhile.

The Selectmen have designated first floor office space for the Council on Aging and Welfare Officer. This is where the COA, sponsored by the Seacoast VNA, offers monthly blood pressure screening by a registered nurse on the first Tuesday of every month 1-4:00PM. Next year, the COA plans to provide an influenza immunization program.

The COA provides volunteer drivers for residents who do not have transportation available to medical appointments. Residents should call the COA coordinators of this program, Pam Noon or Brenda Oldak, to schedule drivers.

The Council consists of two entities, The South Hampton Council on Aging Committee which may receive support from the Town, and The South Hampton Council on Aging (COA) which is a non-profit organization and may receive public donations. The Werners and Mary Mother Church in Newton have contributed start up money to the COA. The COA intends to apply for 501C3 designation which will enable it to solicit grants.

The COA's main purpose is to promote well being in aging. Helping residents stay informed about life-course planning will provide them with options so they can make informed, responsible choices for their later years. In all aspects of life-course planning: learning about alternative living arrangements, planning for the future financially, searching for meaningful work and activity, and paying attention to all aspects of wellness - physical, emotional, social, intellectual, spiritual, occupational - the Council on Aging will promote the availability of opportunities for the adults and elderly in our community.

Respectfully submitted,

Brenda Oldak, Chair

TOWN OF SOUTH HAMPTON

SCHOOL DISTRICT WARRANT

2001

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of South Hampton, in the County of Rockingham, State of New Hampshire, qualified to vote upon District Affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE TOWN HALL IN SOUTH HAMPTON ON TUESDAY THE 6TH OF MARCH, 2001 AT 7:30 O'CLOCK IN THE EVENING TO ACT UPON THE FOLLOWING SUBJECTS:

Notice: School District Officers will be elected at the Town Meeting (South Hampton Town Hall, March 13, 2001. Polls open at 11:00 A.M. and close at 8:00 P.M

1. To see what sum of money the school district will vote to raise and appropriate for the support of schools, for the salaries of School Officials and Agents, and for the payment of statutory obligations of the District.

2. To see if the School District will vote to approve the cost items included in the collective bargaining agreement reached between the South Hampton School Board and the Seacoast Education Association which calls for the following increases in salaries and benefits:

<u>Year</u>	<u>Estimated Increase</u>
2001-02	\$26,994
2002-03	\$9,021
2003-04	\$9,201
2004-05	\$9,357
2005-06	\$9,525

And further, raise and appropriate the sum of \$26,994 for the 2001-02 fiscal year, such sum representing the additional costs attributable to the increases in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year. The School Board and the Budget Committee recommend this appropriation. (Majority vote required.)

3. To see if the School District will vote to approve the cost items included in the collective bargaining agreement reached between the South Hampton School Board and the Seacoast Educational Support Personnel Association which calls for the following increases in salaries and benefits:

<u>Year</u>	<u>Estimated Increase</u>
2001-02	\$6,711
2002-03	\$1,984
2003-04	\$2,034

And further, raise and appropriate the sum of \$6,711 for the 2001-02 fiscal year, such sum representing the additional costs attributable to the increases in salaries and benefits over those

of the appropriation at current staffing levels paid in the prior fiscal year. The School Board and the Budget Committee recommend this appropriation. (Majority vote required.)

4. To see if the School District will vote to raise and appropriate the sum of \$6,000 for technology items to include 2 classroom computers, an allowance of \$1,000 for software, and an allowance of \$3,000 for wiring the new building. The School Board and the Budget Committee recommend this appropriation. (Majority vote required.)

5. To see if the School District will vote to appropriate the sum of \$5,000, which is part of the amount of interest that will be earned on bond proceeds through June 30 of this year, to be transferred to the School District Capital Reserve Fund previously established. The School Board and the Budget Committee recommend this appropriation. (Majority vote required.)

6. To see if the School District will vote to appropriate, from the undesignated fund balance (surplus) available on July 1 of this year, up to \$55,000 to be added to the School District Capital Reserve Fund previously established. The School Board and the Budget Committee recommend this appropriation. (Majority vote required.)

7. To see what action the school district will take in relation to reports of Agents, Auditors, Committees or Officers chosen and pass any vote relating thereto.

8. To transact any other business that may legally come before said meeting.

GIVEN UNDER OUR HANDS AND SEALS AT SAID SOUTH HAMPTON THIS 9th DAY OF  
FEBRUARY, 2001

Election of Officers – 2001

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of South Hampton, in the County of Rockingham, State of New Hampshire, qualified to vote upon District Affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE TOWN HALL, IN SAID DISTRICT ON TUESDAY THE 13th OF MARCH, 2001 AT ELEVEN O'CLOCK IN THE MORNING TO VOTE FOR DISTRICT OFFICERS.

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. To choose one School Board Member for the ensuing three years.

POLLS WILL NOT CLOSE BEFORE 8:00 P.M.

The foregoing procedure calling for election of your District Officers at the Annual Town Meeting is authorized by Statute (RSA 671:2) and was adopted by the District at its 1966 Annual Meeting.

GIVEN UNDER OUR HANDS AND SEALS AT SAID SOUTH HAMPTON THIS 8th DAY OF FEBRUARY 2001.

## SCHOOL BUDGET FORM

BUDGET FORM FOR SCHOOL DISTRICTS WHICH HAVE ADOPTED  
THE PROVISIONS OF RSA 32:14 THROUGH 32:24  
OF: SOUTH HAMPTON, NH

Appropriations and Estimates of Revenue for the Fiscal Year From July 1, 2001 to June 30, 2002.

**IMPORTANT:**

Please read RSA 32:5 applicable to all municipalities.

1. Use this form to list ALL APPROPRIATIONS in the appropriate recommended and not recommended area. This means the operating budget and all special and individual warrant articles must be posted.
2. Hold at least one public hearing on this budget.
3. When completed, a copy of the budget must be posted with the warrant. Another copy must be placed on file with the school clerk, and a copy sent to the Department of Revenue Administration at the above address.

BUDGET COMMITTEE

DATE: 3-8-01

Please sign in ink.

3								
4					**SPECIAL WARRANT ARTICLES**			
5	Special warrant articles are defined in RSA 32:3-VI, as appropriations 1) in petitioned warrant articles; 2) appropriations raised by bonds or notes; 3) appropriations to a separate fund created pursuant to law, such as capital reserve funds or trust funds; 4) an appropriation designated on the warrant as a special article or as a nonlapsing or nontransferable article.

## **School Board Report Barnard School 2000**

After the School District meeting in March 2000, the School Board with the help of SAU21 began to carry out the two separate but related building projects: the school addition and the Eleanor Batchelder Gym. We contracted with Johnson Builders of Salisbury for the gym, and the agreement was signed in July. We signed the Guaranteed Maximum Price contract with Milestone Construction for the addition in early December. An unexpectedly severe winter has delayed both projects, but we're told that both should be ready by opening day in August, 2001.

Enrollment at the Barnard School has increased about 25% since the 219 Main Ave. building came into service in 1997. Since then the largest of our multi-age classrooms have grown to 30 or more students. This is particularly troublesome when a class also has full-time aides assigned to special needs students. During Fall of 2000 the Board spent several sessions discussing possible resolutions with parents and staff. The 2000-2001 budget was too tight to allow for any new staff, but with significant financial help from a number of parents of grades 1 through 4 students, we were able to hire a clerical aide for the 219 Main Ave. building. This in turn allowed the teachers and teaching aides to spend more time with the children.

For 2001 - 2002, we are proposing to separate grades 1 and 2, with one certified teacher and no aide per grade. With several other staff reassignments, this effectively increases the Barnard School staff by one half-time teacher, and gives about 15 students per teacher in grades 1 and 2. Other school districts in our area limit the number of children in first through fourth grade classes to approximately 20.

Since the 219 Main Ave. facility opened, children from that building have been crossing Main Ave. (NH Route 107A) to use the Town Hall for gym class, and to use the library. We worked with the state to get the blinking lights installed, and the Police Department has issued quite a few tickets for speeding in the School Zone, but neither has been enough to get the attention of all motorists. After a close call, we began to use our school bus to transport groups across the street. After we occupy the new buildings, we expect to eliminate the extra bus trips; students will not need to cross for gym, and the number of crossings for library visits will be small enough that we feel the risk is acceptable.

Amesbury began using a new school bus contractor in August 2000. Until then, High School students from South Hampton had been able to ride an Amesbury bus to the hilltop, where they could either walk home, catch one of the Barnard School bus trips home, or use the payphone to call for a ride. The new contractor claimed that they were not allowed to drop students in another state, and refused to continue the service to South Hampton. We've attempted to get details regarding specific state rules or regulations that apply, without success. Furthermore, the contractor has also been unresponsive when we've asked them for a price to resume transporting South Hampton.

Historically, fewer students have used the afternoon bus than used the morning bus; some go from school to jobs, others participate in after-school activities. We discussed several alternatives with staff and interested parents, and then distributed a survey to all families with children attending Amesbury High School. The survey results indicated that the extra cost associated with afternoon bus service to South Hampton would not be justified.

The proposed budget for 2001-2002 represents a significant increase over the previous year. Most of this is more or less unavoidable:

Amesbury charges us a per-student tuition for High School, and we will be sending 8 more students to AHS. Another big, unavoidable, increase is Special Education; both New Hampshire and Federal law specify what we have to do, but neither provide enough funding to cover much of the cost. We're also going to see an increase in building-related costs, both because the price of heating fuel has gone up a lot, and because we will have considerably more space to heat, clean and maintain.

The four components of the increase that are under our control are:

First, the additional 50% teacher to allow us to reduce class size in first and second grades; we feel that this is desirable now, and inevitable in the long run as the town's population grows. We've seen more than 30 houses built in the past 10 years, and I'm not sure that even a major economic downturn will completely halt new construction.

Second, the new contracts for Seacoast Education Association (certified teachers) and Seacoast Educational Support Personnel Association (aides) are being presented for your approval. The SEA contract represents a significant cost increases for South Hampton in the near term; the value we expect to get from it comes in later years, when we're no longer burdened by annual increases in health insurance and benefits costs (averaging more than 10% per year over the past decade). The SESPA contract represents a smaller cost increase for South Hampton, and we gain in the near term: where the old contract limited us to 29 hours per employee before we had to pay benefits, the new contract doesn't require benefits until an employee works 35 hours. In order to negotiate this, we had to agree to a wage increase beyond the cost of living, but this should also help us by making it easier to fill positions; the old contract's wage scale did not anticipate the general increase in prevailing wages that we've seen during 2000.

Third, we are requesting \$6,000 for technology-related items. Part of this is to purchase materials so our volunteers can wire the new school building for telephone and Internet. Most of the remainder is to purchase two replacement computers for the computer lab. The computers we're replacing have become unreliable and expensive to repair. Approval of this item is necessary if we're to continue to offer computer-based learning in the classroom and the lab.

Fourth, we are asking the School District to consider beginning a capital reserve in preparation for completing the unfinished classrooms on the lower floor. This is a gamble: if we start the fund this year, and continue to fund it over the next 3 years, I expect it will cover most of the cost of the elevator and finishing one or two first-floor classrooms by 2003 or 2004. If new construction continues at the present rate, we'll really need the additional space by then. The alternative is to reduce or eliminate the funding for this capital reserve. If South Hampton's growth halts, we won't need it. If it continues we'll have to raise more money next year and the year after to catch up.

Respectfully submitted

James Van Bokkelen, School Board Chair

ANNUAL SCHOOL DISTRICT MEETING  
March 7, 2000

The 2000 School District Meeting was called to order at 7:30 p.m. by Moderator Walter Shivik. After the pledge of allegiance, Mr. Shivik introduced Martha Anderson, School District Clerk; School Board members: Dan Mahoney, chair, James Van Bokkelen and Mary Kay Miller, members; SAU administration: John Bourgoin, Superintendent, Asst. Superintendent for Finance Fred Engelbach, and Peter Saari, legal counsel; Barnard School principal Barbara Knapp; Budget Committee members Dennis Blair, David Cronin, and Steve Kaneb. Also present were William Giles of Milestone Construction, and John Pettit of the H.L. Turner Group. Senator Beverly Hollingworth was present in the audience.

Mr. Shivik briefly reviewed the procedures and protocol under which he would run the meeting. He then took a few moments away from the business of the evening to allow recognition of retiring Board member Dan Mahoney. He received a gift certificate from the Barnard School staff, a framed picture of the former Boston Garden from the other Board members, and a plaque from the SAU. The meeting then moved on to consideration of the warrant articles.

Dan Mahoney made a motion "to allow SAU administrators, our legal counsel Peter Saari, representatives of SEA, our architects, our construction managers, Barnard School principal and staff, and Senator Beverly Hollingworth to participate in the meeting if called upon." Seconded by James Van Bokkelen; so voted in the affirmative.

**Article I.** To see if the school district will vote to raise and appropriate the sum of \$1,878,888 (One Million Eight Hundred Seventy Eight Thousand Dollars) for constructing a new school building on school property at 219 Main Avenue, for sitework and utilities support, for providing equipment and furnishings for the new building, for architectural and other service fees, and for any other items incidental to or necessary for the construction; up to \$1,430,000 (One Million Four Hundred Thirty Thousand Dollars) of such sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA Chapter 33; to authorize the School Board to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; to authorize the school board to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the school board to take any other action or to pass any other vote relative thereto. (Note: Funds to be added to the \$1,430,000 bond amount are \$358,000 from the Capital Reserve Fund and \$90,000 from the Eleanor Batchelder bequest, making the total appropriation \$1,878,000.) The school board (and the budget committee) recommend this appropriation. (2/3 ballot vote required.) Dan Mahoney moved the article as read; seconded by Mary Kay Miller. The article was then open to discussion.

Mr. Mahoney gave a short review of the project, highlighting changes from 1999 in financing the project and structural changes in the building and site plans. These changes were made by the building committee working with the architect to reduce the overall project cost. Due to a rising interest rate on bonds and increased construction costs, the project proposed this year, despite changes, will cost nearly the same as last year. Mrs. Miller spoke briefly on the student enrollment growth (there are 104 students this year) and state-recommended class sizes. She stressed that a larger building did not mean a larger staff; the number of teachers is driven by the number of students and their needs.

Robin Frost spoke in favor of Article I, asking the meeting to look at the need for quality education for all present and future students; for safety, curriculum and space constraints to let go of a building built in the 1800's; and to send a message to all the Barnard School students that their education and safety is a number one priority.. She felt this proposal was the result of hard work from many individuals and reflected a sound, safe and appropriate school building for the future. Barbara Knapp, the next speaker, asked the meeting to consider the special ed students, their needs for occupational therapy services in rooms

where there is no water, or speech and language classes which often are held in hallways where distractions are on-going. She noted the lack of dignity these students experience on a daily basis due to the space limitations in the current facility.

James Van Bokkelen spoke on the relative low growth in town, but pointed out that development is happening in South Hampton and asked the meeting to consider future growth and associated needs of an increased school age population.

Dennis Blair asked that David Cronin, who has had 30 years experience in the construction business, give an assessment Milestone Construction, comment on the fees they charge, and comment if he felt this firm could provide a quality building under budget. Mr. Cronin had a detailed list of projects the firm had worked on and all references gave Milestone high ratings. He indicated that the fees they charge were within the average range charged by construction firms. Mr. Cronin felt they were an up-standing company and were well equipped to do a top-notch job in South Hampton.

Dick Caravati next told the meeting about a gathering he had sponsored at his home. He had invited many of the trade professionals from South Hampton to get together to discuss their concerns about the building project. Mr. Giles from Milestone and Dan Mahoney of the School Board were also present. His impression from this meeting was that the group felt that planning on the current project was thorough.

David Riecks questioned a \$109,000 "slush fund" mentioned in a memo sent to trade professionals recapping the meeting at Mr. Caravati's home. He asked if the School Board could spend that money, if it was not used in the construction project, on whatever they chose? Mr. Van Bokkelen responded that the money was a contingency fund to cover expenses if something went wrong. If it was not used, it could be used to cover a bond payment, or to restore something cut from the design. The decision would be up to the School Board.

Ed Condon asked if construction materials could be purchased locally to benefit area tradespeople? Mr. Giles of Milestone responded that it is a standard in the industry to post a prequalification request in a local newspaper, town hall, or other meeting place; anyone qualified can fill out a standard prequalification request form. Milestone also groups a "package of materials" and any local supplier or vendor can bid on a package. Milestone also puts together and assesses a list of individuals who have indicated interest in putting a bid on a project; they sit down with the building committee and architect to review any local applicants. The building committee and architect make the final decision on who will receive an opportunity to bid.

Channing Reis reminded voters that planning for this project has been a year long process with countless open meetings and much factual information circulated. Senator Hollingworth noted that state monies for building projects are available now but may not in the future. Jim Patrick reminded voters that interest rates had gone up since last year and would probably rise again. Norm Felch questioned the difference in amounts used from the Eleanor Batchelder bequest. Ed Condon, speaking as a Selectmen, explained that the Selectmen and School Board were using \$150,000 each from the monies to build a gymnasium now. Craig Marx asked if the tax increase included the operating cost of the new building or was for the building project only. Dennis Blair explained it was an estimated average of the increased maintenance costs over 15 years, and the decreasing bond payments over that same time period.

Herbert Fowler moved the question, seconded by Ed Condon. Voted in the affirmative by a show of hands. Mr. Shivik restated the article which had to be decided by secret ballot and asked for a brief recess to set up the voting boxes. He explained that the polls by law had to be open 1 hour. He declared the polls open at 8:44 p.m. Voting continued for 1 hour and Mr. Shivik closed the polls at 9:44 p.m. The votes were counted at that time. The meeting reconvened at 10:10. Mr. Shivik announced the vote total: Yes 255; No 107. He declared the article passed by the required 2/3 majority.

Lee Knapp made a motion to reconsider the article 2 weeks from this date, whatever that date may be; seconded by Dennis Blair. Motion failed by a show of hands.

**Article 2.** To see what sum of money the school district will vote to raise and appropriate for the support of schools, for the salaries of School Officials and Agents, and for the payment of statutory obligations of the District. James Van Bokkelen moved to raise and appropriate \$1,117,237 (One Million One Hundred Seventeen Thousand Two Hundred Thirty Seven Dollars); seconded by Ed Condon.

Mr. Mahoney reviewed the budget by categories, highlighting any outstanding changes and answering questions as they came up. He noted there was an overall 3.4% increase. Mike Santosuosso asked if \$1300 for water was for testing and did it relate to a letter hilltop residents had received regarding dumping chemicals on the ground. Mr. Shivik responded as the former health officer, stating that the school had received a waiver on testing fees for the wells on the hilltop and at the new school site at 219 Main Ave. and part of the agreement was that the area residents had to officially be reminded by letter not to dump gas or other chemicals on the ground. On the Transportation costs, Mr. Van Bokkelen remarked that some of the bus cost would be eliminated when the gym was completed and children would not have to be transported across the street for physical education. K. Imbrescia asked why electricity costs were so high. Mr. Mahoney answered it was for the Barnard School, the portable, and 219 Main, plus the street lights at each area. The budget proposal is based on actual costs over a 5 year period. Peter Shoukimas asked why there could not be a light controlled mechanism at the cross walk on Main Ave. Mr. Mahoney explained that South Hampton does not meet the DOT requirements. When there were no more questions, Mr. Shivik restated the article and asked for a show of hands. Motion in the affirmative.

**Article 3.** To see if the school district will vote to raise and appropriate the sum of \$44,600 (Forty Four Thousand Six Hundred Dollars) for the 2000-01 debt service (one interest payment) on the bond issued described in Article 1 above. The School Board (and the budget committee) recommend this appropriation.

Dan Mahoney moved the article as read; seconded by James Van Bokkelen. There was no discussion. Motion voted in the affirmative.

**Article 4.** To see if the school district will vote to raise and appropriate the sum of \$77,000 (Seventy Seven Thousand Dollars) to be added to the School District Capital Reserve Fund previously established. (If Article 1 passes, the \$77,000 will first be added to the Capital Reserve Fund and then will be a part of the funds to be withdrawn to pay costs of the school building project.) The School Board (and the budget committee) recommend this appropriation. Mary Kay Miller moved the article as read; Dan Mahoney seconded. There was no discussion. Motion voted in the affirmative.

**Article 5.** To see if the school district will vote to withdraw \$358,000 (Three Hundred Fifty Eight Thousand Dollars) from the school building Capital Reserve Fund established in 1994. Said funds are to be transferred to the school district's general fund to be used to pay part of the costs of the school building project (Majority vote required.) Note: This article will be implemented only if Article 1 passes. James Van Bokkelen moved the article as read; seconded by Mary Kay Miller. Peter Oldak asked if the bonds would be offered to the Town for purchase. Mr. Van Bokkelen answered that the bonds would be available through the New Hampshire municipal bond bank. There would be a series of bonds for each year - 15 bonds with differing terms each year. There were no other questions relating to the article. Mr. Shivik called for a show of hands; motion voted in the affirmative.

**Article 6 & 7.** These articles would be implemented only if Article 1 failed. No action was taken.

**Article 8.** To see if the School District will vote to create an expendable trust fund under the provisions of RSA 198:20-c, to be known as the Eleanor Batchelder Fund, to be used for construction of new school facilities or for any other public purpose that is not foreign to the school district's institution or incompatible with the objects of its organization. Furthermore, to name the School Board as agents to expend from this fund, and to appropriate up to \$270,000 which is the anticipated proceeds, plus interest, of the Eleanor Batchelder bequest to the South Hampton School District. There will be no time limit on expending the funds. The School Board and the budget committee recommend this appropriation. (Majority vote required.) Moved as read by James Van Bokkelen; seconded by Mary Kay Miller. Fred Anderson suggested that the audience take a moment to think of Eleanor and the great gift she had given. Mike Santosuosso asked for clarification if this article was giving the School Board authority to expend the funds rather than majority vote of the townspeople. Mr. Van Bokkelen agreed this was so. There were no further questions. Mr. Shivik called for a show of hands; motion voted in the affirmative.

**Article 9.** To see what action the school district will take in relation to reports of Agents, Auditors, Committees or Officers chosen and pass any vote relating thereto. Dan Mahoney moved the article as read; seconded by James Van Bokkelen. There were no questions. Mr. Shivik called for a show of hands; motion voted in the affirmative.

**Article 10.** To transact any other business that may legally come before said meeting. There were comments on what would become of the Barnard Trust Funds once the new building was completed? Could part of the land be used for expanding the cemetery? What would the new building be named? What color would it be? There were short general discussions with no resolution on each question.

Mr. Shivik entertained a motion to adjourn by Ed Condon, seconded by Craig Marx.. Motion by unanimous voice vote.

Respectfully submitted,

Martha Anderson, School District Clerk

193 North Main Street • Concord • New Hampshire • 03301-5063 • 603-225-6996 • FAX-224-1380

### *INDEPENDENT AUDITOR'S REPORT*

To the Members of the School Board  
South Hampton School District  
Hampton, New Hampshire

We have audited the accompanying general purpose financial statements of the South Hampton School District as of and for the year ended June 30, 2000 as listed in the table of contents. These general purpose financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general purpose financial statements referred to above do not include the general fixed assets account group which should be included in order to conform with generally accepted accounting principles. As is the case with most municipal entities in the State of New Hampshire, the South Hampton School District has not maintained historical cost records of its fixed assets. The amount that should be recorded in the general fixed assets account group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the South Hampton School District, as of June 30, 2000, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements of the South Hampton School District taken as a whole. The individual fund financial statements listed as schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the South Hampton School District. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

# PRINCIPAL'S REPORT BARNARD SCHOOL 2000

Dear Citizens of South Hampton,

It is a pleasure to present this Annual Report as we enter the new millennium. Overall, it has been a year of exploration, planning, and renewal as the Barnard School community has faced the challenges of providing the facility, programs, and staffing needed to serve the town's youngsters. There is a great deal to celebrate and many to thank. I would like to thank the School Board and the Administration at the SAU office for working tirelessly on the school building project. Once again, to the PTO, school volunteers, donors, Technology Committee, and extracurricular activities coaches, I extend sincere gratitude for the endless hours of service and the significant contributions you have made in providing an enriching education for our students. And thanks to the students who are the ones who make me happy that I chose the teaching profession. They contribute in many ways, work hard to achieve their goals, and represent us well when they travel to other schools or greet guests at our school. Much work is yet to be done. We need the continued support of the entire community as we continue to strive for excellence in education.

## **ENROLLMENT**

Our community educates 110 students at Barnard School, 32 students at public high schools, and 4 students at out-of-district placements. There are 8 students in grades one through twelve who are educated at private schools at no cost to taxpayers. Large class sizes in grades one through four prompted parents to privately finance the hiring of an additional teachers' aide to assist at the 219 Main Ave. building this year. Because of their generous donations, a gain has been realized in the amount of instructional time teachers are able to spend directly with students.

## **TRANSITION TEAMS**

Teachers are working in teams to make the transitions to first grade, fifth grade, and ninth grade smoother for students and their families. We recognize that these can be exciting yet somewhat stressful times and want to continue to make improvements so that all feel positive and welcomed in their new environment. It will be an exhilarating transition for all as we move into a new building for the next school year. We hope that the whole community will share in the excitement. We will need your help, patience, and suggestions along the way!

## **CURRICULUM AND INSTRUCTION**

With representation from teachers, administration, and parents, the District Educational Improvement Plan (DEIP) Committee was created in August. To date the major school improvement initiative has been to develop a timeline for implementing a standards-based education. Training has been provided for teachers and administration, and all have been given opportunities to collaborate with other teachers in SAU 21 to develop standards-based units using the "Backward Design" model. Much attention has been given to drawing upon alternative teaching strategies in order to ensure that all learners can meet established grade-level benchmarks.

## **ASSESSMENT**

During the summer months several Barnard School teachers met with other teachers in SAU 21 to develop a variety of assessment tools, which have been used to measure student achievement. Other forms of assessment include standardized tests such as the *New Hampshire Educational Improvement and Assessment Program* and the *Iowa Test of Basic Skills*. The staff reviews these assessment results,

noting strengths and weaknesses in both individual and class performance then shares the information at an open School Board meeting.

### **TECHNOLOGY**

The integration of technology into various curricular areas has provided our students with opportunities to become self-directed learners and to prepare themselves for their futures. They leave Barnard well prepared to apply their skills in meaningful ways to new learning situations. To address an identified weakness in our technology curriculum, we purchased keyboarding software and were fortunate to have a retired teacher volunteer to instruct sixth graders in an intense weeklong program. An evaluation of the program indicated that keyboarding can prove to be a valuable skill and that the program should continue at the fifth grade level. Although students can often pair up at a computer, teaching keyboarding requires that each student has a computer to use. Consideration must be given to increasing the number of computers in our lab from 10 to a number which will accommodate larger class sizes.

### **ENRICHMENT**

Through enrichment activities at Barnard School, students are able to explore possibilities and use their multiple intelligences to perform, create, analyze, examine, and imagine. Whether it be in the classroom, on the nature trail, in front of an audience, at the drawing table, or on an athletic field - students can demonstrate their creative critical thinking. We hope we will expose students to something for which they will develop a life-long passion, a passion which they will choose to nurture. We hope that they will recognize the diversity in others' talents and value the many ways that each person can contribute to a school, a community, and a global society.

### **PTO**

A dedicated group of PTO members meets monthly to plan fund-raisers that will provide Barnard students with programs, extracurricular activities, needed equipment, and materials and also provide scholarship money for a deserving high school senior. They make and serve a hot lunch in a cafeteria setting for the students and staff every month. Added to the many ways that they serve the students and families is through the administration of a call list used to announce snow days, delayed bus schedules, etc. Their work is truly appreciated.

### **PERSONNEL**

Much gratitude is extended to our entire staff who continually give so much of themselves. I thank them for always putting children in the center of the many decisions they must make throughout each day. We welcomed the following new staff members to Barnard School this year:

Linda Blair – teacher aide  
Stephanie Canfield - grade 3 teacher / grade 1-4 special education teacher  
Amy Caplette - multiage grade ½ teacher  
Catherine Hill – special education aide  
Paula Krolkoski – teacher aide  
Diane Lynch - special education aide  
Paul Morgenstern – co-ed soccer coach/girls' basketball coach  
Alfred Pierce – custodian  
Joshua Pregent – boys' basketball coach  
Diane Sheckells – art teacher  
Janina Wojtkun - special education director/teacher

Respectfully submitted,  
Barbara Knapp, Principal

## **REPORT OF THE SUPERINTENDENT 2000-2001**

Michelle Munson and Pam Fisher, Curriculum Directors for Elementary and Secondary Education, respectively, have worked hard over the past several months with both district staff and administrators to revise, align and initiate the implementation of the SAU # 21 Standards and Benchmarks that were developed during school year 1999-2000. This has been done with the assistance of McREL (Mid-Continent Regional Education Lab), a nationally recognized leader in the benchmarking and identification of instructional standards and Dr. Jay McTighe, a nationally recognized leader in the development of instructional units and the assessment of student work.

The major focus of the teacher in-service time scheduled throughout SAU # 21 districts this year have been dedicated to work on the standards and benchmarks. Teachers have worked in grade level settings, by buildings, by districts and in across district committees to share work and to continue their investigation and discovery of this important work. Staff Development programs have been developed by Pam and Michelle, with teacher input, to further enhance the work done during the in-service days

As school year 2000-20001 comes to a close all districts are reporting substantial progress in the alignment and implementation of the standards and benchmarks. Moving forward into 2001- 2002, the continued implementation the standards and benchmarks will be the focus with lead districts moving on toward the development of a comprehensive assessment program. In addition to the standardized measures of student learning that we now use; IOWA's, NHEIAP, and SAT's; greater emphasis will be placed on the development, validity, and reliability of teacher developed assessments.

To assist all staff in this phase of our work, we are actively exploring more and better ways to use data as a means of evaluating student work and the effectiveness of our existing educational programs. This effort has been greatly enhanced by the public's support over the past few years for various technology related items in budgets and warrant articles. Our MMS 2000 software package, now in place throughout all districts, allows us to electronically track appropriate data on all of our students. This required a degree of hardware acquisition, training, and some software upgrades. However, most of this capability was already in place and simply needed our focus and interest in retrieving and using the information. A relational database is the next key step in this process and we are currently exploring several products and pursuing the necessary funding sources outside of district budgets.

In addition to the database analysis referenced above, the technology effort in all districts has continued to make significant advances as resources permit. Many new computers have been connected to local area networks throughout schools across the SAU giving our students and teachers access to the Internet and the vast number of instructional software packages that exist. Teachers and school board members have access to Jay McTighe's web site through a membership purchased with SAU funds so that we can all research the work of colleagues across the entire country who are also involved in the development of standards based instructional units and lessons.

Winnacunnet High School is moving forward with its Virtual High School initiative and will begin offering courses over the Internet in the following year.

SAU # 21 school districts continue to experience student enrollment growth. Many districts are still experiencing a growth rate of between 3% and 5 %. At Winnacunnet High School this growth will continue to necessitate the placement of modulars that will provide ten temporary classroom spaces. Enrollment estimates indicate a swelling student population that is projected to surpass 1450 students by school year 2005-2006. This ballooning enrollment at the high school resulted in the Winnacunnet Board bringing forward a 17.9 million-dollar bond proposal to district voters last March. This project proposed renovating approximately 80,000 square feet of existing space as well as add approximately 70,000 feet of new space. Classrooms, science labs, physical education teaching space, and the relocation and expansion of core areas were included in the project. That project was defeated at the polls. Due to the continuing uncertainties surrounding school funding, the WHS Board did not bring forward this project for a second vote this year. It is our plan to submit a WHS bond proposal in March of 2002.

The South Hampton School District is in the initial construction phase of their new school. It is hoped that the new school and gymnasium will be ready for occupancy by September.

The Hampton Falls' School District will again be voting on an article proposing the acquisition of land for a potential new site for the Lincoln Akerman School. If successful, this vote may set the stage for consideration of a new school in Hampton Falls at some subsequent date.

The Seabrook School District is planning on moving forward with its restructuring of the educational program housed in Seabrook Elementary School. Currently a 900 student K-8 structure with one administrator in charge of the whole operation, plans call a "splitting" of the school into a PK-4 structure and a grades 5-8 middle school. Each section of the building will have its own administrator. This reorganization of the school is viewed as a key in the district's continuing effort to improve student performance.

Both the Hampton and North Hampton School Districts, having previously addressed their space needs issue, continue to move aggressively forward pursuing their instructional goals in concert with the SAU standards and benchmarks.

All fiscal year 2002 budgets have been developed keeping in mind the traditional support that SAU #21 communities have long given in providing the best quality education to our children. They also reflect our awareness of the tax uncertainty that continues to permeate the political landscape of New Hampshire and the concern of voters for their ability to continue that support. We hope that you appreciate our efforts on behalf of your community's children and will give full consideration to supporting our budget requests.

Respectfully submitted,

John F. Bourgoin  
Superintendent of Schools

## CURRICULUM AND INSTRUCTION

*"All means all"* is becoming a phrase commonly used across the SAU. Ensuring all students' achievement of the high standards required by the 21<sup>st</sup> century world of work and higher education is the focus of our work. High standards in school require high expectations of attendance, early literacy, positive school citizenship, high graduation rates, and aspirations for education beyond secondary school. To support every child's success, and to measure the results of its efforts, SAU #21 is engaging all districts in professional development activities. These include:

- \*Ongoing dialogue, district by district, regarding a shared vision and understanding of a standards-based system. This is supported through the SAU 21 Leadership Team.

- \*Completion of local Standards and Benchmarks, describing the expectations for learning for all children at each grade level, k-12. This work is aligned with state and national frameworks and is the result of countless hours of work by teachers and administrators across the SAU. A teacher leadership team supports the development of curriculum aligned with the new Standards at the school level. The Standards and Benchmarks are now located on the SAU 21 Website ([www.sau21.k12.nh.us](http://www.sau21.k12.nh.us)) as well as on individual school sites.

- \*Working with nationally recognized leaders in the area of curriculum and instruction to support the continuous growth of teachers and administrators. Jay McTighe, curriculum design expert and author of *Understanding by Design*, and Louise Thompson, known for her work in leadership development, are working throughout the year with all districts.

- \*Using technology to work together to design curriculum and assessments aligned with the Standards. Every teacher in the SAU is a member of an interactive curriculum design website which encourages continuous dialogue about teaching and learning among educators locally and nationally. Districts also have written and received grants to participate in on-line training in technology.

- \*Developing and using a data management system to assess progress in student success and to identify areas of concern is under development. Staff and administrators will receive training in the use of such a system.

- \*Providing multiple opportunities for teachers and administrators to collaborate, including seminars, study groups, and summer work.

In addition to the above ongoing activities, the SAU is convening groups of teachers this spring to begin aligning the teacher evaluation process with professional development plans and goals for student achievement with respect to the Standards and Benchmarks. The goal is to have a local comprehensive system in place by 2004. In addition to continuous efforts to improve scores on state assessments in grade 3, 6 and 10, schools will identify local means of assessing student progress at every grade level.

Throughout the SAU, there are exciting examples of student achievement, from senior seminar projects at Winnacunnet to student oratoracles, demonstrations, and projects in the local districts. Students are asked daily to demonstrate what they know, to reflect on their

work, and to assess each other's work. While there is good progress to be celebrated, if we expect high standards of all students, there is still work to be done. Locally, each district is implementing a plan to achieve this goal.

South Hampton teachers are engaged in rewriting their District Educational Improvement Plan focusing on the incorporation of the SAU 21 Standards and Benchmarks during release time and in after school planning sessions. All staff members have participated in professional development training sessions in Understanding By Design and are working toward including elements into their instructional planning.

Staff have reached out to other districts in the SAU to work with their grade level peers to discuss and review instructional practices, special education support, and differentiated instruction.

All staff from South Hampton have fully participated in SAU professional development activities and curriculum development activities.

Respectfully submitted,

Michele L. Munson, Director of Elementary Education

Pamela D. Fisher, Director Middle/Secondary Education
